

Please inform the musicians that we will do the song the same, but I want to cut the "rap/bridge" in half. I also want to change the base progression to: E (half note), F# (half note), G (half note), A (quarter note), G (eighth note), F# (eighth note). I still want it to build like in the original track.

### **Lift Your Head Weary Sinner**

Lift your head weary sinner, the river's just ahead  
Down the path of forgiveness, salvation's waiting there  
You built a mighty fortress 10, 000 burdens high  
Love is here to lift you up, here to lift you high

If you're lost and wandering  
Come stumbling in like a prodigal child  
See the walls start crumbling  
Let the gates of glory open wide

All who've strayed and walked away, unspeakable things you've done  
Fix your eyes on the mountain, let the past be dead and gone  
Come all saints and sinners, you can't outrun God  
Whatever you've done can't overcome the power of the blood

If you're lost and wandering  
Come stumbling in like a prodigal child  
See the walls start crumbling  
Let the gates of glory open wide

If you're lost and wrecked again  
Come stumbling in like a prodigal child  
See the walls start crumbling  
Let the gates of glory open wide

(Ooh, oh, oh, oh, oh, oh, oh, oh)  
(Ooh, oh, oh, oh, oh, oh, oh, oh)  
(Lift your head weary sinner)  
(Let the chains fall)

If you're lost and wandering  
Come stumbling in like a prodigal child  
See the walls start crumbling  
Let the gates of glory open wide

If you're lost and wrecked again  
Come stumbling in like a prodigal child  
See the walls start crumbling  
Let the gates of glory open wide  
Let the gates of glory open wide  
Let the gates of glory open wide
